THINGS TO DO IMMEDIATELY AFTER STARTING THE BUSINESS

1. Make sure you have got all the products and services for the money that you have paid. Get information on all the products through videos or brochures and quickly start using your products or services.
2. Get all the tools and study them – Videos, mobile Apps, brochures, business presentations, etc.
3. Make sure all your registration formalities and documentation is completed and updated in your account.
4. Have a meeting with your Upline and understand the products, income plan, rewards, rank system, any running contests or promotions, and most importantly the working system of your team.
5. Get information about all the programs that are happening over the next 3 months and attend them. Buy tickets, if required for any event. Attending programs should be your number one priority.
6. Make a list of prospects, do the selection and set up the first batch of meetings in consultation with your Upline.
7. Define your dreams. Write down your short term and long term dreams that you want to accomplish through this business.
8. Set your business goals in consultation with your Upline and make an action plan for their accomplishment.
9. Be a student of the business. Be committed to attend all the events and work in close association with your Upline.
10. Start reading any one book from the list of recommended books given in this book and on my website.
